

2026 MONROE COUNTY 4-H POULTRY CHAIN

One way to participate in the poultry project is to grow a group of 12 baby chicks furnished by Monroe County UT/TSU Extension. The 4-H'er receives 12 baby chicks and the responsibility for growing and returning 3 (three) grown pullets to the poultry sale. The 4-Hers will receive the chicks in March or April and the sale will be in August or September. To participate in this activity, you will need to fill out an application along with a \$45.00 deposit. Income from the sale will be used to purchase chicks next year and also as prize money for the 4-H'ers participating. Returning this application does not guarantee that you will receive chickens. We receive more applications yearly than the number of chicks available. Priority will be given to the application received in our office from the date of your 4-H club meeting.

Please return your application to the address below or bring by the 4-H Office NO LATER THAN JANUARY 9, 2026.

**UT/TSU Extension - Monroe County
310 Tellico Street, South, Suite 3
Madisonville, TN 37354**

If you have questions, please call the 4-H office at 423-442-2433.

2026 Monroe County 4-H Poultry Chain

Name: _____ Age: _____

Address, City, Zip: _____

Phone: _____ Grade: _____

Email: _____

I hereby make application for 12 U.S. Certified Pollorum-Typhoid clean of a top egg strain of the breed selected. I agree to feed and care for the chicks to the best of my ability and return three (3) choice pullets to the poultry show. I will be financially responsible for three (3) chicks if for some reason they are not returned to the show. I also agree to pay a \$45.00 deposit along with this application.

Make checks payable to University of Tennessee.

NOTE: If your application is not chosen as a participant or an alternate for the 4-H Poultry Chain, your money will be refunded to you. In January 2026, applicants will be contacted by phone or email on their status in the 4-H Poultry Chain.
